Applicant's amendment filed on 2/01/06 has been entered. Accordingly, claims 1 and 7 have been amended. Claim 6 has been canceled. Application is now in condition for allowance.

Reasons for allowance

Claims 1-5, 7-31 are allowed.

The following is an examiner's statement of reasons for allowance: applicant's amendment in which incorporated the limitation of indicated allowable subject matter in independent claim 1 thus has placed this application in condition for allowance.

Claims 2-5 and 7-11 are allowed because being depended on base claim 1.

Claims 12-29 are allowed as explained in the prior Office Action.

Claim 30 is allowed because the transparent member is shaped such that light emitted from the at least one light emitting diode is directed toward the exit surface of the transparent member, wherein at least a portion of the light emitted from the first light emitting diode is reflected by the first light emitting diode after being reflected by the one of a second light emitting diode and a reflective coating on the second surface of the transparent member before exiting the exit surface of the transparent member.

Claim 31 is allowed because being depended on base claim 30.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
